SCHEME SPECIFIC RISK FACTORS

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific risk factors are summarized below:

SBI MAGNUM BALANCED FUND

SBI Magnum Balanced Fund will be investing in equity & equity related instruments as also debt instruments (including securitized debt), Government Securities and money market instruments (such as call money market, term/notice money market, repos, reverse repos and any alternative to the call money market as may be directed by the RBI).

SBI MAGNUM INDEX FUND

- A. An investor in an index fund is taking a view on the movement of the stock market in general, and particularly of the stocks that constitute the index. Performance of the S&P CNX Nifty Index will have a direct bearing on the performance of the scheme. The scheme does not seek to protect the value of investment from a fall in the S&P CNX Nifty Index or its constituent stocks. Hence the investor is automatically assuming the risk that if the index falls, his investment is likely to depreciate to that extent. The view taken by the investors on the movements of the stock market and the Nifty is entirely their own and the AMC is not responsible for any loss arising out of the investors' decision to invest or repurchase based on their view of the market.
- B. The portfolio of the fund may underperform to the extent of the impact cost of any transaction by the fund in individual stocks. Other transaction costs and operating costs may also cause the fund to underperform.
- C. Any delay in the receipt of sale proceeds due to the settlement cycles of the stock exchanges, or delay in receipt of dividends from corporates can result in delay in reinvestment of these funds, causing some amount of underperformance. Any delay in receipt of information by the fund manager regarding the change in the composition of the index or corporate actions (dividends, fresh issues of capital, mergers, buyback, etc) related to individual securities in the index may also result in underperformance.
- D. The performance of the scheme may also be impacted by the Tracking Error of the scheme vis-à-vis the S&P CNX Nifty Index. The Tracking Error may arise due to the expenses that the scheme will incur on an ongoing basis, transaction costs involved in buying and selling of index shares, impact cost that may arise due to selling of stocks of the scheme at a loss to meet redemption requirements or on account of holding cash. The Tracking Error that may arise in this scheme is estimated to be in the range of 0.5% to 1.00% on an annualised basis.

In line with CBDT guidelines, the Fund will invest at least 80% of the net assets in equity and equity related instruments.

SBI MAGNUM SECTOR FUNDS UMBRELLA

SMSFU - IT, FMCG, PHARMA

The mandate of the fund is to invest 90%-100% of the funds in equity stocks of particular sector viz. IT, FMCG & PHARMA. The scheme may also invest in the money market instruments upto 10% of the net assets. The portfolio would be diversified to avoid stock specific risks; however, being sector specific fund, it would be more concentrated than a diversified fund.

SMSFU - CONTRA

SBI Magnum Sector Funds Umbrella (MSFU) - An open-ended scheme in which there are five sub-funds, viz. Information Technology (IT), Pharmaceuticals, Fast Moving Consumer Goods (FMCG), Contra & Emerging Businesses Fund.

Contra Subfund invests in stocks which are currently out of favour. Atleast 90% of the fund corpus is invested in the equities & balance upto 10% in money market instruments.

SMSFU - EMERGING BUSINESS FUND

Fund focus investments in emerging business themes primarily based on the export/outsourcing opportunities and/or global competitiveness of such themes. Will also focus on emerging domestic investment themes.

SBI MAGNUM MULTICAP FUND

The scheme would at all times have an exposure of atleast 70% of its investments in the equity stocks. Exposure to derivatives instruments in the scheme can be upto a maximum of 50% of the equity portfolio of the scheme. Exposure to derivatives would be in addition to the equity exposure in the scheme and the scheme's trading in derivatives shall be restricted to hedging and portfolio balancing purposes only. The allocation of investments between the various market capitalization segments in equity instruments would be as follows:

Market Capitalization	Minimum allocation	Maximum allocation
Large Cap	50%	90%
Mid Cap	10%	40%
Small Cap	0%	10%

SBI BLUE CHIP FUND

The scheme would at all times have an exposure of atleast 70% of its investments in the equity stocks. The scheme would invest in a diversified basket of equity stocks of companies whose market capitalization is atleast equal to or more than the least market capitalized stock of BSE 100 Index. Within the permissible universe of stocks for the scheme, blue chip stocks would normally qualify as those stocks which are typically large companies with an established business presence, good reputation and are possibly market leaders in their industries with less uncertainty in topline/ bottom line growth. Blue chip companies normally have a history of successful growth, high visibility and reach, good credit ratings and excellent brand equity amongst the general public and widespread interest amongst investing public.

SBI ARBITRAGE OPPORTUNITIES FUND

Market neutral trading strategy. Arbitrage opportunities arise due to market inefficiencies. Fund seeks to exploit such inefficiencies that will manifest as mis -pricing in cash (stock) and derivative markets. Fund Manager will lock into such arbitrage opportunities seeking to generate tax efficient risk free returns. Fund will not take naked exposures to stocks i.e. will not invest in stocks with a view to generate market related returns. Exposure to stocks will be offset by simultaneous equivalent exposure in derivatives.

SBI MAGNUM NRI INVESTMENT FUND - FLEXI ASSET PLAN

This Plan would follow an Asset Allocation Model wherein depending on market conditions the Fund Manager can take a view on the percentage of investments this can be allocated to equity. This Plan would have a minimum the of 10% investment in equity related instruments which can be increased up to 80% depending on market fundamentals.

SBI ONE INDIA FUND

The scheme shall invest in diversified basket of equity stocks focusing on all four regions of India.

The approx. allocation of investments between the various regions in equity and equity related instruments would be as follows:

Regions	Minimum Allocation	Maximum Allocation
	(as a % of Equity Assets)	(as a % of Equity Assets)
East	15%	55%
West	15%	55%
North	15%	55%
South	15%	55%

The allocation of equity assets to a region will be determined on the basis of various factors (including but not restricted to) the economic development of a region, market opportunities, changing regulation, flow of investment/capital to a region, demographic profile, other political and economic factors specific to a region etc. The allocation to each region will be reviewed periodically to see whether the equity allocation to a region is consistent with the relative attractiveness of that region.

Note:

- i) The Regional investment limitation will not be binding for investment in the asset classes other than equity and equity related instruments.
- ii) The minimum and maximum allocations are indicative in nature. The restrictions regarding the allocation will be applicable at the time of the investment.
- iii) Definition of Regions:

Companies of a region will be defined as those having their:

- · Registered office; or
- Head Quarters; or
- Major manufacturing facility; or
- Major Revenue generating activity

In the region defined as a group of states and union territories

The regional grouping of all the states and Union Territories in the country would be as follows:

Region	States and Union Territories
North	Jammu & Kashmir, Himachal Pradesh, Punjab, Haryana, Uttar Pradesh, Rajasthan, Delhi, Uttaranchal, Chandigarh.
South	Andhra Pradesh, Karnataka, Kerala Tamil Nadu, Pondicherry,
West	Gujarat, Maharashtra, Goa, Madhya Pradesh, Daman & Diu, Dadra & Nagar Haveli, Lakshwadeep
East	Bihar, Orissa, West Bengal, Jharkhand, Assam, Chattisgarh, Meghalaya, Tripura, Mizoram, Manipur, Nagaland, Arunachal Pradesh, Sikkim, Andaman & Nicobar.

On the basis of the above definition, it is possible for a stock to form a part of two regions also by virtue of having the Head Office/Registered Office located in a Region and a major manufacturing facility/revenue generating activity located in another region. For example, the registered office of TATA Steel Limited is situated in Mumbai (Western Region), while currently its manufacturing facility is situated in Jamshedpur (Eastern Region). In view of the above, TATA Steel will qualify to be a part of both the Western Region and the Eastern Region.

The scheme aims to provide the investor to participate in the overall growth of the Indian Economy by allocation investments in the companies in various regions. The scheme aims to generate higher returns by investing a large part of the fund in the companies of a region which provides the potential for higher growth. However, to avoid the skewness to a particular region, the scheme would invest upto 55% of its equity assets in the companies of a specific region. The scheme will be actively managed and the scheme may rotate the weightage of exposure to various regions.

Under normal circumstances, the definition of a region as disclosed in this Scheme Information Document for identifying stock/shares of that particular region shall not undergo any change. However, any such change in future shall be justified and recorded in writing. Further, subject to SEBI Regulations, SBI Mutual Fund will also release equity portion of the scheme, based on the regions defined aforesaid.

SBI INFRASTRUCTURE FUND - SERIES I

SCHEME SPECIFIC RISK FACTORS

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific risk factors are summarized below:

SBI MAGNUM INSTACASH FUND

- A. As in the case of any fund investing in debt, the NAV of the scheme will be sensitive to changes in interest rate. In case of an increase in interest rates, the market value of existing debt instruments may fall, leading to a fall in the NAV. The sensitivity of the NAVs of either of the Plans to interest rate movements cannot be entirely eliminated and investment in the either Plan is not guaranteed to protect the value of the investment completely from unfavourable changes in the interest rates.
- B. AMC's perception: The impact of a rise in interest rates will be reduced through good fund management practices. In anticipation of any rise in interest rates, the Scheme will attempt to move the funds in from long-term instruments into short-term debt & money market instruments where the impact on the NAV will be much lower. Also, if the interest rates at any point of time are expected to ease, the Scheme can move back into long-term debt to take advantage of appreciation in the market value of its investments.
- C. In an open ended fund, any disruption in the normal functioning of the markets for debt instruments or extreme illiquidity in any of the debt instruments may affect the ability of the fund manager to buy or sell freely in the market. In the event of inordinately large number of redemption requests or of a restructuring of the Scheme's portfolio, the time taken by the Fund for redemption may become significant. Please see para "Right to Limit Redemptions" in section "Redemptions and Repurchase".
- D. AMC's perception: Such situations may be extremely rare and temporary in nature. Although the debt market in India is not very liquid, there is always demand for debt instruments having a high rating & issued by good companies, at appropriate yields. At times, the fund may choose to hold such instruments till maturity and meet redemption needs through temporary borrowing within permissible limits. The fund will keep a sufficient amount of the funds in cash, call money and liquid money market instruments to take care of the normal redemption needs.

SBI PREMIER LIQUID FUND (erstwhile SBI Magnum Institutional Income Fund-Savings Plan)

SBI Premier Liquid Fund (erstwhile SBI Magnum Institutional Income Fund-Savings Plan) will be investing in debt instruments (including Securitized debt), Government Securities and money market instruments (such as repos, reverse repos and any alternative to the call money market as may be directed by the RBI). SBI MAGNUM INCOME FUND-1998

The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant.

SBI MAGNUM GILT FUND

- a. SBI Magnum Gilt Fund is prone to interest rate risks like any other debt instruments. Changes in interest rates will affect the scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise.
- b. SBI Magnum Gilt Fund will be investing in Government Securities only with the exception of investments in call money market, term/notice money market, repos, reverse repos and any alternative to the call money market as may be directed by the RBI.

SBI MAGNUM MONTHLY INCOME PLAN (An open ended debt scheme. Monthly Income is not assured and is subject to availability of distributable surplus)

The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant.
- B. The Mutual Fund is not assuring that it will make monthly or quarterly or annual dividend distributions. All dividend distributions are subject to the availability of distributable surplus.

SBI MAGNUM CHILDREN'S BENEFIT PLAN

- a. The Scheme has two options for premature repurchases. Premature repurchase in cases of donor investing through parents where the lock-in facility has been exercised, will be permitted only on a joint request from both the donor & the parent/legal guardian. Repurchase without the lock in will be permitted on a request from parent/legal guardian. The other terms and conditions for repurchases are same under both options as detailed in the section on redemption and repurchases.
- a. SBI Magnum Children's Benefit Plan will be investing in debt instruments (including securitized debt), Government Securities and money market instruments (such term/notice money market, repos, reverse repos and any alternative to the call money market as may be directed by the RBI) as also equity & equity related instruments. The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the Trustees have the right in their sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.

SBI MAGNUM INCOME PLUS

SBI Magnum Income Plus Fund will be investing in debt instruments (including Securitized debt), Government Securities and money market instruments (such as term/notice money market, repos, reverse repos and any alternative to the call money market as may be directed by the RBI) as also equity & equity related instruments. in their sole discretion to limit redemptions (including suspending redemptions) under certain circumstances periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant.

SBI DYNAMIC BOND FUND - (Formerly SBI Magnum NRI Investment Fund - Long Term Bond Plan)

SBI Dynamic Bond Fund would be investing debt Instruments (including Securitized debt), Government Securities and Corporate Debt including Money Market Instruments. The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the Trustees have the right in their sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.

SBI MAGNUM MONTHLY INCOME PLAN - FLOATER (An open ended debt scheme. Monthly Income is not assured and is subject to availability of distributable surplus)

- A. MMIP Floater would be investing in debt and money market instruments (such as call money market, term/notice money market, repos, reverse repos and any alternative to the call money market as may be directed by the RBI) as also in equity & equity related instruments. The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the Trustees have the right in their sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.
- B. Different types of securities in which the scheme would invest as given in the Offer Document carry different levels of risk. Accordingly the scheme's risk may increase or decrease depending upon the investment pattern. For e.g. corporate bonds carry a higher amount of risk than Government Securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risk than bonds, which are AA rated.

SBI SHORT HORIZON DEBT FUND

SBI Short Horizon Debt Fund (SSHDF) will be investing in debt instruments, Government Securities, securitized debt, debt derivatives and money market instruments. Trading volumes and settlement periods inherently restrict the liquidity of the scheme's investments. In the event of a restructuring of the scheme's investment portfolio, these periods may become significant.

For detailed risk factors, investors are requested to refer Scheme Information Document of the respective schemes.

RISK CONTROL

Risk Management is a separate division within the organization headed by the Chief Risk Officer, who reports to the CEO. The risk management team provides the risk tools, aggregation and analysis of risk information and independent inputs and analyses to the CEO.

The Board of SBI Funds Management (P) Ltd. has constituted a Risk Management Committee of the Board comprising three directors including the Managing Director and two independent directors.

Broadly the role of the Committee is as follows:

- · Review the effectiveness of overall risk management framework in meeting sound corporate governance principles
- Review on a regular basis the risk management policies;
- Review on a regular basis the risk management process;
- Evaluate, on a regular basis, the effectiveness and prudence of senior management in managing the operations and the risks to which the company is exposed;
- · Review risk reporting on significant risks, including the amount, nature, characteristics, concentration and quality of the assets
- Review exception reporting

In addition, an Executive Committee on Risk comprising the CEO, Deputy CEO and function heads, is in place for risk reporting and governance.

In addition to regulatory limits and SID limits, internal limits are defined as per the framework given in the Investment Policy and judiciously monitored. Any significant deviations are immediately flagged off to the Investment team for corrective action and are reported to the RMCB.

Risk indicators on portfolio risk are computed and are monitored on a regular basis.

As stipulated by SEBI, an independent review of the risk management systems is conducted by the concurrent auditors, to check on the adequacy of risk management systems. The observations of the auditors are placed before the Board of Directors of the AMC as well as Trustee Company.

INVESTMENT STRATEGY & COMPARISON WITH THE EXISTING SCHEMES

SBI MAGNUM INSTACASH FUND - DIVIDEND PLAN & CASH PLAN

This is a liquid category scheme. The investment strategy would be oriented towards providing high degree of liquidity while seeking to maintain stable returns. The scheme would invest in debt and money market instruments having a residual maturity not exceeding 91 days.

SBI MAGNUM INSTACASH FUND - LIQUID FLOATER PLAN

Fund will invest their entire corpus in debt (Corporate debentures & bonds, PSU/FI/Govt. guaranteed bonds), Govt. securities, and money market instruments (commercial paper, certificates of deposit, T-bills, bills rediscounting, repos, short-term bank deposits etc). Fund will try to mitigate interest rate risk and generate opportunities for regular income through a portfolio investing predominantly in floating rate securities and money market instruments. The scheme would invest in debt instruments having a residual maturity not exceeding 91 days. Investments under the fund in floating rate securities and money market instruments would constitute at least 65% of the total investments.

SBI PREMIER LIQUID FUND (SPLF)

The investment strategy is to invest the monies in Cash and alternate to Call Money Market instrument, Corporate debenture and Bonds /PSU, FI Government guaranteed Bonds, Government Securities including Securitized Debt, International bonds and Derivative instruments to provide attractive returns to the Magnum/Unit holders either through periodic dividends or through capital appreciation through an actively managed portfolio of debt and money market instrument. The scheme would invest in debt and money market instruments having a residual maturity not exceeding 91 days.

SBI MAGNUM INCOME FUND

The objective of the scheme is to provide the investors an opportunity to earn, in accordance with their requirements, through capital gains or through regular dividends, returns that would be higher than the returns offered by comparable investment avenues through investment in debt & money market securities. Accordingly, based on a continuous evaluation of macro-economic factors, market dynamics and debt-issuer specific factors, investments are carried out under this scheme. Investment in Corporate Bonds and Debentures in the Floating Rate – Short Term Plan will be in securities with maturities not exceeding 3 years.

SBI MAGNUM GILT FUND

To provide the investors with returns generated through investments in government securities issued by the Central Government and / or a State Government. A portfolio invested in securities issued by Government of India (G-Secs) or the state government securities is normally associated with an investment strategy in the debt markets that is free of credit risk (i.e. the risk of default by the issuer).

The scheme may also invest in the term / notice money market (or in any alternative investment to the call market as may be directed by RBI), repos and reverse repos in order to meet the liquidity requirements of the scheme or on defensive considerations. Income may be generated through the receipt of the coupon payments, the amortisation of the discount on debt instruments or the purchase and sale of securities in the underlying portfolio. To ensure total safety of the Magnumholder's Funds, the scheme will not invest in any other securities such as shares or corporate debentures.

The Fund will seek to underwrite issuance of Government Securities if and to the extent permitted by SEBI / RBI and subject to the prevailing rules and regulations specified in this respect and may also participate in their auction from time to time.

The scheme offers investors two separate investment plans (i.e. Short-Term Plan and Long-Term Plan) representing investments made and held in two separate

Key Information Memorandum

investment portfolios. The portfolios of the two Plans may differ in the allocation to a particular asset class and in the average portfolio-maturity. Under the Short-Term Plan, the funds will be normally managed to a maximum average portfolio-maturity of three years. Under the Long-Term Plan, the funds will normally be managed to an average portfolio-maturity longer than three years.

SBI MAGNUM MONTHLY INCOME PLAN (An open ended debt scheme. Monthly Income is not assured and is subject to availability of distributable surplus)
Investments under the fund will be a mix of debt, equity & money market instruments. Debt instruments will be invested based on evaluation of macro-economic factors, market dynamics and issuer specific factors. Maximum exposure to equities is capped at 15% in this scheme.

SBI MAGNUM CHILDREN BENEFIT PLAN

SBI Magnum Children's Benefit Plan will be investing in debt instruments (including securitized debt), Government Securities and money market instruments (such term/notice money market, repos, reverse repos and any alternative to the call money market as may be directed by the RBI) as also equity & equity related instruments.

The proportion of the scheme portfolio invested in each type of security will vary in accordance with economic conditions, interest rates, liquidity and other relevant considerations, including the risks associated with each investment. The fund manager with the approval of the Investment Committee may invest the entire assets in GOI securities only depending on the above factors.

The scheme however intends to invest only 20% of the corpus in equity and equity related instruments. Any investment in equity and equity related instruments above 20% but within 25% would depend on market conditions if it is deemed to be in the larger interests of the Magnum holders / Unit holders and would be with the prior approval of the Managing Director.

SBI MAGNUM INCOME PLUS FUND

The scheme will have two Plans for investment – Savings Plan and Investment Plan. The Savings Plan will be investing its entire corpus only in investment grade debt instruments such as Government Securities, Corporate Bonds and Debentures and Money Market instruments. The Investment Plan will be investing atleast 80% of its corpus in investment grade Debt instruments and Money market instruments and the balance will be invested in equity and equity related instruments. The stocks will be selected from the BSE 100 index only.

SBI DYNAMIC BOND FUND

The investment strategy of the Scheme would be to allocate fund corpus across debt and money market instruments of various maturities on the basis of the expected interest rate scenario. Since the interest rates can be volatile at times, the fund will always endeavor to invest in highly liquid debt and money market instruments. The fund will follow an active duration management strategy as a result of which the portfolio turnover could be high.

SBI MAGNUM MONTHLY INCOME PLAN - FLOATER (An open ended debt scheme. Monthly Income is not assured and is subject to availability of distributable surplus)

Investments in Floating rate securities would be atleast 65% of the net assets of the scheme while the balance would be invested in fixed rate securities, money market instruments and/or equity related instruments. Maximum exposure to equities is capped at 15% in this scheme. The scheme may also invest in short term deposits of scheduled commercial banks as permitted under the Regulations.

Investments in Securitized Debt will not exceed 10% of the investment in Floating rate/fixed rate instruments while investments in International Bonds will be within the SEBI stipulated limits. Group Life Insurance Policy

All Magnum holders under this scheme between the age of 18 years and 54 years will be covered by a Group Life Insurance Policy offered by SBI Life Insurance Company Limited. The Magnum Holders will have to sign a self-declaration, as stipulated by the Insurance Company and also furnish proof of age (certified copies of birth certificate, passport or school leaving certificate) while submitting the application. The insurance cover will commence from the date of allotment of units and will be available till the Magnum holder attains the age of 55 years or till such time the units are redeemed in accordance with this Offer Document, whichever is earlier. Magnum Holders who do not fall within the age group of 18 years to 54 years would not be eligible for the Life Insurance Cover. All resident and

non-resident Indian magnum holders within the age group specified above will be covered under this insurance cover. The sum assured under the Group Insurance cover will be equivalent to the amount of investment subject to a maximum insurance of Rs. 2 lakhs per Magnum holder.

The following example explains the amount of insurance cover an investor will be covered for in the case of unfortunate death during the tenure of the investment

Date of investment	Amount deposited	NAV	Number of Units
25.10.2004	25000	10	2500
30.12.2004	30000	15	2000
25.03.2005	80000	20	4000
Total	135000		8500

The investor will be covered for a maximum sum assured of Rs. 135000 as on 25.10.2004. However if the investor decides to repurchase partially an amount of Rs. 75000 on 15.05.2005 at a NAV of Rs. 25, then the amount of insurance cover in this case would be computed as follows:

Amount repurchased - Rs. 75000

NAV on date of repurchase - Rs. 25

Number of units redeemed - 3000 (75000/25)

The balance amount for insurance cover would be computed based on the acquisition NAV (based on First In First out (FIFO) method) of units. In this example the balance insurance cover will be

135000 - ((2500*10) + (500*15)) = Rs. 102500

(The dates and the NAV indicated in the example above are for the purpose of understanding only and the scheme does not assure that as on these days, the NAV will be the values indicated in the example)

The Magnum holder can appoint a nominee to receive the claim amount in the event of the unfortunate death of the Magnum holder. Only Resident Indian individuals can be nominated. The nominee for the purpose of the insurance cover will be the same person as the nominee for the scheme. The insurance premium in respect of the insurance cover will be borne by the AMC. SBI Life Insurance Company Limited is providing the insurance cover and the Group Life Insurance Policy number is 83001002703.

In the event of the unfortunate death of the Magnum holder covered under the scheme during the tenure of investment in the scheme, the nominee may lodge the claim for insurance supported by relevant documents as proof in claim of the death with the Registrars for the scheme. The AMC through the Registrars of the scheme will forward the claim alongwith the documents to SBI Life for payment. The Claim proceeds will be settled with the Mutual Fund, which would then pay the claim amount to the nominee. The AMC has the discretion to modify the above insurance cover or change the insurance company on a prospective basis.

The insurance company will not be liable for payment of compensation in respect of death resulting from reasons including but not limited to suicide within first year of the investment, self inflicted injury, influence of liquor or drugs, whilst engaging in aviation or ballooning, venereal disease or AIDS or committing any breach of law or taking part in a criminal act, death of the insured due to or arising out of or directly or indirectly connected or traceable to war and hazardous sports and pastimes.

The following documents are required for processing claims –Statement of account, Original Death certificate issued by Government Authority, Attending Doctor's certificate, certified copy of Age proof of the deceased (birth certificate, passport or school leaving certificate)
